*“A lotus is a symbol of knowledge.
We have chosen a golden lotus that emits the rays of
youthful sunshine.”*

VISION

Rungta College of Science and Technology shall be among the best Educational Institutions in Central India imparting high quality education, training and an acclaimed centre for Research, consultancy and continuing education.

MISSION

Rungta College of Science and Technology is dedicated to the creation and transmission of new knowledge. In its pursuit it will focus on ethos of our ancient culture the values of good conduct and morality.

LATE SHRI GHANSHYAM DASJI RUNGTA
(GDR) (1925-2005)

Success is a force entrenched within every mind. An enlightened educational environment can play a big role in bringing this force to the fore. A society that values education and invests its time and money into an educational revolution is the society on which intellectual and economic prosperity will bestow its munificence. With this thought in mind, Late Shri Ghanshyam Dasji Rungta started a movement in 1999 to bring about awareness through education in the region of Durg and Bhilai. This movement has now taken the form of an educational group delivering world-class education in various streams to over 4000 students drawn from Chhattisgarh as well as other parts of the country.

About Sanjay Rungta Group of Institutions

Sanjay Rungta Group of Institutions is an emerging trendsetter in the field of education. Today's strong foundation is a result of the single minded dedication, focused perseverance and commitment of the management together with the zeal and dedication of the faculty and the support of well-wishers.

It offers a plethora of choices to prospective students who wish to pursue professional courses and have a flourishing career. The GDR Educational Society is a registered Non-Minority service organization established to mould the youth in to useful and capable citizens. The Rungta group of institutions is steadily progressing to attain the stature of a university by the year 2020.

WHATEVER YOUR PASSION, YOU CAN MASTER IT AT RUNGTA

Sanjay Rungta
Chairman

"To an outsider, the Rungta Group of Colleges is an educational institute amongst so many others that have come up to fulfill the rising demand for higher education in the country. I however look upon the activities of my group as a mission. For me education is not just about providing facilities, But it is about creating an enlightened environment and establishing a learning culture that can effectively propel our dynamic and growing region of Chhattisgarh towards greater achievement and success. We are committed to provide value-based education and a better future to our young generation.."

A successful businessman, he is a name to reckon with in the food industry. He was the Vice Chairman of Commerce, Chhattisgarh for many years. Shri Rungta is known for good public relations with his feet firmly on the ground and with his fingers on the pulse of the public, most of his actions are proactive, anticipating the needs of the people in the region. He is the chairman of Rungta Group of Colleges and also President of APPIC (Association of Private Professional Institutions of Chhattisgarh). This honors graduate in Chemical Engineering has hit upon the right formula for success i.e. hard work, patience and perseverance.

SEE YOUR VISION THROUGH

Young, Vibrant, Dynamic and a man encouraging work at the grass root, he has always been gracious to learn new things and adapting to innovations comes to him naturally. Commitment to work and team building is his main motto in life. Exposed to various ups and downs and having seen the world so closely at an early age helps him to grow fast and achieve success. Exposure to management study at an international environment has given him an edge over his other competitors at the National level. He always looks forward to face new challenges in life.

Saket Rungta
Director

QUALITY BEGINS ON THE INSIDE & THEN WORKS ITS WAY OUT

► Rungta College of Science & Technology

Affiliated to: 

▲ Pt. Ravishankar Shukla University,
Raipur (Chhattisgarh)

▲ Durg University,
Durg (Chhattisgarh)

Rungta offers courses in many traditional and upcoming areas in Science, Commerce and Management with very bright career prospects. The Science and Technology courses are supported by an excellent infrastructure which includes well equipped laboratories for Microbiology and Bintechnology.

Today the Nation's financial army plays the most important role in deciding its strength. The B.Com & M.Com courses are designed to prepare students for various career opportunities in Commerce, Accounts and Management.

Rungta group also offers B.Ed. & M.Ed. courses to evolve educators who are not only thorough and updated with latest knowledge but are well-versed with modern teaching techniques and have an enlightened approach to teaching. Our programmes give a lot of importance to understand student psychology and emotions.

Pure sciences are the foundation of scientific knowledge. Rapid development of technology has opened doors of many specializations in science and technology. To enable students to benefit from this variety of career options, the Rungta Group conducts several of these programmes which enjoy good career prospects.

Science & Technology

Knowledge is the biggest asset in the modern world. Scope for niche areas is exploding. With expansion of frontiers of knowledge, just broad categories can longer quench the need of specialized understanding and research in various areas. Rungta offers B.Sc. and M.Sc. courses in many traditional and upcoming areas in science with very bright career prospects.

The science and technology courses are supported by an excellent infrastructure which includes welleequipped laboratories for microbiology and biotechnology with instruments like digital photo colorimeter, B.O.D. incubator, laminar air flow, ultracentrifuge electrophoresis, transluminator digital Ph meters etc. Similarly laboratories for electronics, IT and other courses subscribe to sophisticated latest equipments required for proper learning of the subjects.

B.Sc. | M.Sc.

The science and technology courses are supported by an excellent infrastructure which includes well-equipped laboratories for microbiology and biotechnology with instruments like digital photo colorimeter, B.O.D. incubator, laminar air flow, ultracentrifuge electrophoresis, transluminator digital pH meters etc.

B.C.A. | PGDCA | B.B.A.

Applications in the field of Computers are an integral part of the ever growing computer industry. Knowledge of recent languages like Java, C, C++ & VB make these courses highly relevant and in popular demand among youth. Our programmes help the students in substantial understanding of concepts in key areas of Computer Science.

Commerce

There was a time in history when a nation's army was the most important factor that determined its strength. Today the nation's financial army plays the most important role in deciding its strength.

B.Com courses are offered by RCST, Durg which is affiliated to the Pt. R.S.S. University. The courses are designed to prepare students for various career opportunities in commerce, accounts and management. Faculty consists of highly experienced teachers. Students are encouraged to go for higher studies in the field.

B.Com.

The art of managing growth has to be taught and evolved to enable bright students to take on not only management of country's business, but also to make a mark on the global scenario. Through various courses in commerce and management, we at Rungta are making a contribution to the phenomena of commercial and financial development of our nation.

Educating Educators

Educators decide the direction the nation takes. Training educators is a function of national importance. At the Rungta Group, we strive hard to evolve educators who are not only thorough and updated with latest knowledge, but are well-versed with modern teaching techniques and have an enlightened approach to teaching. Our programmes give a lot of importance to understanding student psychology and emotions

B.Ed and M.Ed. courses are conducted by RCST. The college has affiliation to Pandit Ravishankar Shukla University, Raipur for these courses. The college is housed in a spacious campus with huge classrooms, library, digital lab and computer and science labs.

The students pursuing both graduation and post graduation programmes are taken to reputed schools in the state to spend quality time with senior faculty to understand the emerging trends and latest developments in teaching. Apart from the regular course Rungta aims to offer some value added courses to the existing faculty and train senior teachers to develop leadership qualities that will help them in their role as administrators in future.

B.Ed. | M.Ed.

Educators decide the direction the nation takes. Training educators is a function of national importance. At the Rungta College of Science and Technology, strive to evolve educators who are not only thorough and updated with latest knowledge, but are well-versed with modern teaching techniques and have an enlightened approach to teaching.
